

6th Euro Spring School The Science and Practice of Venous Thromboembolism

10-14 May 2023

www.eurospringschool.eu

Concert Hall and Convention Centre, Thessaloniki, Greece

The purpose of the 6th Euro Spring School is to provide early career scientists and physicians across a broad spectrum of medical disciplines with a comprehensive overview of the state of the art in the rapidly evolving science and practice of acute venous thromboembolism and its chronic sequelae.

The programme features:

- State of the Art interactive plenary sessions
- Moderated abstract presentations with Young Investigator Awards
- Case-based breakout workshops
- Hands-on skills and methodology tutorials
- Lunch and Learn sessions
- Numerous further networking opportunities.
